*Biology of the Invertebrates - McGraw-Hill Education*

Biology of the Invertebrates, Fifth Edition by Jan Pechenik, Jan Pechenik is a great book for anyone taking Invert. at the basic level, it describes different phylums, subphylums, classes, genus, and species! I took it and payed way too much for it from my school, sold it for 1/2 the price back and then bought it on amazon for like 14 dollars!
