Organizational Communication**Alex's Case Study Book in Organizational Communication: Courageous Communication Discourse Perspectives On Organizational Communication**

Discourse Perspectives in Organizational Communication brings together researchers from the social sciences and humanities to look at discourse and how it shapes organizations and their social actors. Unlike others in the field, this book assumes that language creates and constitutes reality, rather than simply mirroring or describing it.

~~Discourse Perspectives on Organizational Communication~~

This volume provides a superb integration of six discourse perspectives interwoven with the thread communication constitutes organization. It not only explicates these approaches but also employs each of them in exemplars of enacting coorientation and organizing, performing identity and culture, and negotiating decisions.

~~Book review: Jolanta Artiz and Robyn C Walker (eds)~~

Download Discourse Perspectives On English books. Covering nearly one thousand years, this volume explores medieval and modern English texts from fresh perspectives. Within the relatively new field of historical discourse linguistics, the synchronic analysis of large textual units and consideration of text-external features in relation to discourse has so far received little attention.
