**Forces of Habit: Drugs and the Making of the Modern World**...

Courtwright gathers up historical, scientific, literary, artistic, and public policy references on psychoactive substances, legal and illegal, to show how drug usage was as much an outgrowth of market forces as cultural habits. Drugs were commerce and currency and moved from geographically limited areas of cultivation to worldwide consumption, with ever more efficient means of production and supply driving down prices and thereby opening markets to the poorest.

**Forces of Habit Drugs and the Making of the Modern World**...

Drug seeking begins as a goal-directed behavior, with an action (finding and taking drugs) leading to a particular outcome (the drug high). This type of associative learning is mediated by the dorsomedial region of the striatum, the area of the brain that is associated with reward processing, which functions primarily through the ...

**How a Habit Becomes an Addiction** — Association for...

Drugs, we are told, have figured prominently in sexual bartering. But, of course, so have money, jewelry and other gifts. Drug use has historically been an impediment to upward mobility. Is that a cause, effect or correlation? Lack of education is also an impediment to upward mobility. Industrialization has made drug abuse more likely and more visible.
