Jay Robb has discovered the secret to healthy low-carb eating, which he outlines in his newly revised book, The Fat Burning Diet. The technique he created is called "carb-cycling," where the dieter eats low-carb meals one day and high-carb meals the next day.

The Fat Burning Diet: Accessing Unlimited Energy for a ...

The Fat Burning Diet plan by Jay Robb, a certified clinical nutritionist, isn't a low-carb or high-carb diet, in fact, it's partly both. Jay sets out to teach you how to offset eating fat burning low carb diet meals one day, with high carb meals the next day, and what the difference between good and bad (simple and complex) carbs are. He does not believe in the need for a low-carb diet as the food choice is too restrictive and it will become boring.

The fat burning diet cook book - Indiana State Library

MY PREFERRED FOODS: It should be noted that while Jay Robb does recommend eating organic foods, I have noticed that I can essentially consume any foods I want and as long as it follows the carbohydrate guidelines, I burn fat. Thus, while these foods are not necessarily recommended in the book, you can actually eat them and still lose weight without even having to exercise.
