Hidden Messages in Water by Masaru Emoto

Masaru Emoto was a Japanese businessman, author and pseudo-scientist who claimed that human consciousness can affect the molecular structure of water. Emoto's book The Hidden Messages in Water published in 2004 was a New York Times best seller. Emoto's conjecture evolved over the years, and his early work revolved around pseudo-scientific hypotheses that water could react to positive thoughts and words and that polluted water could be cleaned through prayer and positive visualization. From 1999,
