Private Equity Laid Bare eBook | Kortext.com

Private equity laid bare. It is, apparently, a good time to be managing a private equity fund. According to the alternative assets data provider Preqin, it currently takes PE firms 11 months on average to raising a fund, compared with the 19 months it took them in 2010. And as well as spending less time raising money, they're also raising more of it.

Whereas few private equity firms had dedicated healthcare teams, almost every large firm now does, and an increasing number of mid-cap funds have also established healthcare teams. Indeed, there are many firms specialising in healthcare, such is the opportunity presented by a market that is offering healthy returns as rising incomes and ageing populations place pressure on healthcare ...
